

Marketing Communications

I will be receiving communications from Field Data Zoom SRL, about its digital farming and other products, services, promotions and events by email, SMS/text message, telephone, postal mail, and social media.

From time to time, these communications may be tailored based on Field Data Zoom SRL products or services I currently use or have used or purchased in the past (and how they are used), agronomic specifics of my farm (such as the type of crop I grow, the size of my farm, or the fertilizer and nutrients I use), or my activities on OGOR platform (<https://ogor.ro>), devices and/or mobile application(s).

I understand that I can withdraw this consent by clicking the unsubscribe link in each communication or by contacting contact@ogor.ro.

These terms were last updated on June 25, 2021.
